Warranty:

The tables carry an extended 16 year warranty and must be maintained as below. You must have a yearly maintenance visit by the manufacturer to qualify for this extended warranty. (maintenance visit POA)

Maintenance:

Regularly inspect tables for correct operation, smooth folding and general stability. Clean table tops according to current food service hygiene practices after each use, exterior components of tables should be inspected for food deposits and cleaned as required. The underside of the tables should be inspected for chewing gum and other food deposits.

CAUTION:- Excessive use of water during cleaning may cause corrosion. Periodic lubrication (with a food grade silicon spray) is required to be applied to pivot joints. We recommend lubrication every six months or more frequently if indicated by stiff operation or noise.
